CERAMIC DESIGN

CHI SIAMO
WHO WE ARE

GSG Ceramic Design è un'azienda italiana che, dal 1977, produce ceramica sanitaria di altissima qualità e design. La nostra filosofia nasce da una combinazione inscindibile di elementi: l'arte della tradizione ceramica, profondamente legata alla storia del territorio di Civita Castellana; la costante ricerca di nuove soluzioni estetiche; l'impiego delle migliori tecnologie e materie prime; l'attenzione concreta alle sfide ambientali del nostro tempo. Un viaggio lungo quasi cinquant'anni, tra tradizione artistica e industria, che oggi si traduce in un perfetto equilibrio tra estetica, qualità, funzionalità e personalizzazione. Per dare forma a un ambiente bagno riconoscibile, elegante e contemporaneo.

GSG Ceramic Design is an Italian company that, since 1977, has been producing high-quality sanitary ceramics with a strong design focus. Our philosophy is rooted in an inseparable blend of elements: the art of ceramic tradition, deeply connected to the history of Civita Castellana; the continuous search for new aesthetic solutions; the use of the finest technologies and raw materials; and a concrete commitment to the environmental challenges of our time. A journey of almost fifty years, where artistic heritage meets industrial excellence today expressed through the perfect balance of aesthetics, quality, functionality, and customisation. To shape a bathroom environment that is distinctive, elegant, and contemporary.

TOUCH

Design Massimiliano Abati

TOUCH è forma a servizio dell'acqua, modellata dallo scorrere del tempo. Per chi cerca significati nelle forme è naturalezza, movimento e trasformazione. Tutto ciò conferisce alla collezione un'artigianalità di altri tempi. Lontano dalle forme altamente industrializzate da cui siamo circondati. E' il tempo che sfida se stesso riscoprendo forme naturali e in divenire.

TOUCH is form in service of water, shaped by the flow of time. For those who seek meaning in shapes, it is naturalness, movement, and transformation. All this gives the collection a craftsmanship of another era, far from the highly industrialised forms that surround us. It is time challenging itself by rediscovering natural and evolving shapes.

cod. TOLAV90
Lavabo Touch cm. 90 Bianco lucido
Washbasin Touch cm. 90 White shiny
